## Housekeeping/Navigation

- Navigation radials at the bottom of your WebEx Screen

- Participant Raise Hand & Q&A Panel on the right

Two screenshots of the WebEx interface. The top screenshot shows the 'Participants (2)' panel. It has a search bar and two participants listed: 'Me' and 'Host'. A red dashed line highlights the 'Raise Hand' icon (a hand) next to 'Me', with a red circle around it and a box labeled 'Raise Hand' pointing to it. The bottom screenshot shows the 'Q&A' panel. It has a search bar and a list of questions. At the bottom, there is a text input field with a dropdown menu set to 'All Panelists' and a 'Send' button. Below the input field, there is a note: 'Select a panelist in the Ask menu first and then type your question here. There is a 256-character limit.'

# VNECA Meeting

August 25, 2019

# Overview

---

## Nuclear energy; strategic plan for overall goal of carbon-free energy

Established by Legislation passed in February

Three elements the plan should include:

- **Promotion of new technologies and opportunities** for innovation; including advanced manufacturing;
- **Establishment of a collaborative research center** and university leadership program to promote education in fields that meet the workforce demands of Virginia's nuclear industry;
- **Recognition of the role of nuclear energy** in the Commonwealth's goal of employing 100 percent carbon-free sources of energy by 2050

*Report due October 1, 2020 and shall be updated every four years*

# Strategic Plan Development

---

## Our Approach

- July 7 - Strategic Plan Kickoff Event
- Provided all attendees a survey link to provide feedback
- Developed the DRAFT Strategic Plan for review

## Next steps

- Your input - Please provide edits by September 5
- Email edits to [info@vneca.org](mailto:info@vneca.org)
- VNECA Board will meet again to approve final Strategic Plan
- Submit Plan to the Commonwealth on October 1

# Nuclear Industry Strategic Plan 2020-2024

---

## Actions following Strategic Plan

- Educate stakeholders on the technology
- Educate stakeholders on the opportunities the industry provides
- Develop a plan of action for the goals listed
- Work with the state to establish specific milestones for meeting the state's 2050 carbon-free generation goal
